PERFECTLY PAIRED

As days get shorter and leaves begin to change, it's back to comfort food. And there's nothing more comforting than apples and caramel!

- There's a science behind why certain flavor combinations work well together. The richness and sweetness of the caramel is balanced by the crisp acidity of the apple.
- Caramel is the number three dessert flavor on restaurant menus, second only to the chocolate and vanilla, according to Datassential MenuTrends.
- Play up the appeal by adding a new twist: Sea Salt Caramel Apples or Mini Apple-Chilladas make the most of a great flavor pairing.

We've got an App(le) and Caramel for that!

- ✔ **Caramel** – A blend of the finest and purest ingredients cooked to perfection! We pride ourselves on making an authentic caramel with a superior taste and performance.
- ✔ **Orchard Fresh Fruit Fillings®** – Season to season, only premium quality fruit is selected. It's retort-cooked – right in the pail – to ensure unparalleled fruit integrity.
- ✔ **Fil-N-Top® Fillings** – Loaded with fruit pieces, these fillings are designed to be used in injector pump systems.
